

**A Season for Giving
Florida Gulf Coast Area
December 18, 2010
Splittsville, Tampa, Florida**

The Florida Gulf Coast Team continued the tradition of supporting the Marine Corps Toys For Tots program by donating almost 50 presents to children in the Gulf Coast Area. This year's collection was complete with our very own Swank-made Toys For Tots train.

As the toys were being delivered, one of the collection volunteers told me of a family that was somehow missed in the toy distribution planning. She stated that toy collection this year had been down and as a result they would be scrambling to get every family's needs met. She went on to say that our team's contribution would go far in helping that one family, as well as others in the area celebrate a happy holiday.

Thank you all for giving so generously from your hearts.
